
VEGAS
TACTICAL
ADVENTURES

THE ADRENALINE RUSH YOU'RE LOOKING FOR!

Our mission is to provide authentic and exhilarating tactical experiences, that will leave participants with memories of a lifetime. Vegas Tactical Adventures is a division of CRI Counter Terrorism Training School, headquartered in Las Vegas Nevada, and in operation since 2000. CRI is one of the world's leading training companies for elite Special Forces teams in the U.S., as well as intelligence agencies, SWAT teams and other tactical units, worldwide.

All Adventures were developed and modified as adventures by Doron Benbenisty, former Israeli Special Forces and recognized worldwide as a leading developer and trainer, for military and elite units.

What can someone expect when participating in an Adventure:
Pure fun while learning very real military Special Ops style tactical training methods, and then testing them against other participants.
Adrenaline pumping experiences that push your limits.
Highly trained team leaders that deliver the most realistic experiences possible.

Participants come away with a very real physical and mental connection to the world's "best of the best" men and women who train using the certified programs presented by CRI and put their lives at risk for the common good. Each person will learn valuable skills that they can use their whole lives, which is what makes VTA so special and different from other adventure companies.

We look forward to making your Las Vegas visit unforgettable with an experience of a lifetime!

Testimonials

"All the trainers and staff at VTA are very professional and confident. Although it was an adventure, the trainers have real world knowledge and skills that make the whole experience next-level. I'm happy to have been able to learn from these guys and have great respect for all of them.".- C. Atkins (2020)

"I wanted to take a minute and to thank each of the staff members for the first class adventure and life experience. It is very rare to find something that supposed to be just a touristy type thing with owners and staff that are driven by doing good." - Dave Burnell (2018)

"We would highly recommend Vegas Tactical Adventures. Our entire family participated in the Secret Agent Adventure this last Saturday.

We walked out of there having really enjoyed our experience. When we tried to explain what we were going to do to the kids prior to arriving, they thought it was going to be a "kiddie thing".

We all learned some great techniques, the boys thought it was super cool and appreciated they weren't treated as children. We (parents) loved that the boys felt comfortable asking questions, pushed themselves to complete the challenges and had a couple laughs along the way, SUPER FUN experience!!!

All three trainers, Doron, Jeremy and Torrence were extremely compassionate about coaching and making sure we understood the severity of a situation, having us run through the drills until we got it all while still maintaining a friendly disposition. I personally appreciate Doron giving me an alternative duct tape escape strategy observing that I couldn't negotiate the first two. He whole- heartedly wanted me to be able to get out of an unfortunate situation if ever in one.

And Christine was so great, informative and work with our hectic schedule! We will be back and bring some friends next time. Thanks again!" - Shawn M. (2023-Google Review)

"If there were an option for a 10-star rating, I would gladly give it. My experience was absolutely outstanding. I opted for the Swat package (with the inclusion of live fire training) and the proprietor, Doron, exhibits an exemplary level of meticulousness, ensuring that every visitor cherishes an unforgettable experience. Moreover, the valuable real-world skills they impart could prove life-saving in perilous situations. Undoubtedly, I would label this as an essential experience." - JD (2023 - Google Review)
